

J. ADAM SAENZPARDO

220 E B Street, Hastings NE 68901 · 308-672-0871

saenzpardo@gmail.com

I understand my work history is not IT based. Let me assure you I have a solid background in technology, computing and development. I also have experience in customer service and team management.

EXPERIENCE

JANUARY 2019 – PRESENT

ELECTRICAL PRODUCTS SPECIALIST, DUTTON-LAINSON COMPANY

Build lighting and electrical equipment packages per architectural drawings and specifications. Review and maintain product stock levels. Stay competitive while avoiding cost overruns. Perform technical assistance to electricians and contractors when troubleshooting failed components.

AUGUST 2011 – DECEMBER 2018

LOCOMOTIVE FOREMAN GENERAL/CARMAN, UNION PACIFIC RAIL ROAD

Troubleshoot and repair advanced electrical/mechanical systems onboard diesel-electric locomotives using industry standardized equipment and procedures. Supervise a team and delegate inspections and required maintenance to meet company needs and federal requirements.

JANUARY 2007 – AUGUST 2011

QA DIRECTOR/MODIFICATIONS COORDINATOR, ADVANCED TECHNOLOGY REPAIR

Direct quality assurance department and perform periodic audits when on shop floor. I also coordinated and worked alongside mobile modification teams that performed manufacturer required modifications to newer locomotives. This involved advanced testing/troubleshooting to hardware/software systems after modifications were completed to ensure reliability of locomotives.

EDUCATION

2020

CENTRAL COMMUNITY COLLEGE – INFORMATION TECHNOLOGIES - DEVELOPER

I recently returned to college and was awarded a diploma in Information technologies and will soon complete the Information and Technology Developer Associates Degree program focusing on Web Development and Object Oriented Programming.

2003

US ARMY – 94E MOS QUALIFICATION, FT. GORDON GA (RADIO COMSEC)

6-month military occupation specialty course involving electrical theory, electronics/antenna troubleshooting. Operations, service and repair of advanced communication security equipment used by all branches of the United States Military.

SKILLS

- Strong technical background
- Works well unsupervised as well as under instruction
- I bring much needed soft skills to the table
- Never late and rarely absent
- Adapts quickly to new environments

ACTIVITIES

In my spare time I enjoy outdoor activities with my family, building electronics, playing with my home server and computer programming.
