WORK EXPERIENCE

Electrical Products Specialist, Dutton

LAINSON COMPANY

January 2019 to Present

Build lighting and electrical equipment packages per architectural drawings and specifications. Review and maintain product stock levels. Stay competitive while avoiding cost overruns. Perform technical assistance to electricians and contractors when troubleshooting failed components.

Locomotive Foreman General/carman

UNION PACIFIC

August 2011 to December 2018

RAIL ROAD

Troubleshoot and repair advanced electrical/mechanical systems onboard diesel-electric locomotives using industry standardized equipment and procedures. Supervise a team and delegate inspections and required maintenance to meet company needs and federal requirements.

QA Director/modifications Coordinator

Advanced Technology Repair - Gering, NE

January 2007 to August 2011

Direct quality assurance department and perform periodic audits when on shop floor. I also coordinated and worked alongside mobile modification teams that performed manufacturer required modifications to newer locomotives. This involved advanced testing/troubleshooting to hardware/software systems after modifications were completed to ensure reliability of locomotives.
